Hi there my name is Natalie Oparah I am a Designer and Personal Image Stylist. My business partner and I have just started up our design label and we have put together a photoshoot for this Friday the 19th and are in need of a GOOD PHOTOGRAPHER AND MAKEUP ARTIST to help bring some of our collections to life. It will be on TFP/CDbasis which would be of benefit to you for your portfolio and I am sure it would be something you would be interested in as its bordering on african prints meeeting western designs so there is an opportunity for you to be very creative. It will be location shot based in our design office in Dagenham. Please get back to me asap if interested email is natalieoparah@aol.com and my mobile number is 07960044488.Thanks
