
Seeking Internship

Posted by garden - 2008/06/05 01:40

Hello All,

I am a Senior Fashion Design student who is looking to do a design internship this coming August. I have taken many construction and business classes that have prepared me for work in this field.

If anyone has any advice as to how to go about finding internships, any help would be much appreciated.

Please know that I am more than happy to send a resume.

Best,
Ashley O.

Hi

I'm looking for an internship student to come and be a design assistant. I'm looking for someone with sewing skills, business or marketing skills and good organisational skills. I would also need assistance when participating fashion shows, so intern would get backstage access to all events Nubian Roots Couture is sheduled to attend.

If you feel you are suited to do the internship with Nubian Roots Couture, send me your resume and experience to: nubian-roots@hotmail.co.uk

Thanks

Danielle
