
TRIM WHOLESALERS

Posted by catharinaeden - 2008/06/22 15:03

Hi there,

I am looking for very thin metal chain on a reel and I would need 180m of it.

I will also be needing buttons and belt clasps.

If you stock these items please do get in contact directly, if not, get in contact anyway because it's always good to know good trim suppliers!

Many thanks,

Catharina Eden
