Last time I will be doing this guys so if interested just email me directly at Renato@hemisphereassociates.co.uk. You will receive my 420 plus womenswear database of Top end boutique/department store buyers/addresses/contact details, the same as I use everyday & currently use for my s/s09 collections which i start selling July 14th. The cost for this plus all the other info i provide, terms & conditions, buyer info pack etc etc is £100! Last time around for the designers who missed out last time!
