hi, just wondering where you are located and if you could pay travel expenses.

would you need someone for a number of full weeks or could it be a couple of days a week?

i am emailing you regarding any work experience that you might have available. I am currently in my first year at Basingstoke College of Technology and am studying a BND national diploma in Fashion design and Clothing. i am keen to learn more and further my knowledge in the fashion feild. I feel at home around the hustle and bustle of Fashion shows and work well under pressure. I consider myself to be a perfectionist and whilst some people consider this to be a fault I consider it to be an asset. I would be able to do work experience anydates between monday 4th July and Friday 2nd of september for any duration of time. I would just like the chance to prove myself to others as i know i can do it. All i ask of you is to credit the work i may do and get some photos of me doing it for my university portfolio. Once done at university i would like to become a designer for an established company or be a stylist either way this oppertunity would benefit me alot. thankyou for your time and i look forward to hearing from you.

Yours Sincerly

Melissa Hannah

I am in the second year of studying a BA degree in Fashion journalism and am very enthusiatic about increasing my experience in the fashion industry. I have experience in styling, PR, Journalism, Photography and other areas in the fashion Industry. The work experience placement you have advertised really appeals to me and I would love the opportunity. I live in Epsom (outer London), so have easy accesibility to London.

Please contact me via my email, juliabrenard@hotmail.com, or mobile, 07944 216 270

Yours, Julia Brenard

Hi, just responding to the voluntary work experience in the fashion industry. Hope its not too late! I'm extremely interested in learning more about the industry since i'm trying to launch a magazine and would apreciate the experience. I also don't live far from convent garden so commuting wouldn't be a problem at all.

Looking forward to hearing from you.
Many thanks

Liban.

Hi I am replying to the ad about help needed, I am extremely interested but have no real experience, i am studying for my A levels at present but hope to do a foundation course then fashion promotions course at either LCF or CSM and this would be a great oppportunity for me to get some hands on experience. If this is at all possible could you please reply, if you dont i will just email your site instead if thats easier, Im not at all bothered what i would have to do even if its doing small errands!? Thank you Asher
