i have recently just finished my 2 week work experience with fashion-enter and i would just like to sat a huge thank you!!! It was a truly amazing experience, and i feel that i have been given a chance that many fashionistas only dream of. I really enjoyed working with Jenny Holloway, Vanessa Camelia, Jenni Sutton and Emily Tullet and they have made me feel part of the team.

Fashion-Enter Ltd is truthfully an amazing company and i wish them all the best for the future :)

Hi Jennifer, I saw jasmines post about her work experience at Fashion Enter and I was just wondering what types of work experience can you offer as I know you also have a boutique based in croydon, do u do work experience there?? I am a fashion design graduate from UWE and really cant wait to learn and experience more about the fashion industry. Thanks4 for your help!:)

Regards,

hi jenny, i was wondering wat do i need to do have my designs in the boutiques?  
i'm 1 half of a duo (fatuma & mambo) we are looking for a step in the industry. i'm in my last year of my BA degree (croydon).

i'll be @ the Barking show so i hope to have a chat and get more info.

You are around the corner from us!! We are situated in Centrale opposite Virgin Megastoe. Come into the boutique and speak to Hayleigh, the Boutique Manager. You can email Hayleigh first on hayleigh@fashion-enter.com to arrange an appointment.

This is exactly what you should be doing NOW. If this is your final year and you are serious about fashion and having your own label this is the time to start getting your name out there and creating sales. Remember this is not to lead on your time though; you need to complete your degree and get a good standard but at least we can help to start promoting you.

Regards

Jenny

It was great to see you there Mambo. We are ready to offer you part time work in the boutique too. The Barking Fashion Enter boutique is 020 8507 3454 and Ferida is the Manager there. Give her a call on Monday and arrange a time to interview. I have already met you and you have the thumbs up from me!

Let's get you in there ASAP

Hi!

I'm near finishing my work experience at Fashion:enter in Barking.

I agree, it is a great experience and really inspiring to be around such great designs and such welcoming, friendly and

Mambo we are now employing you...just goes to prove that work experience really can work. Not only that but we also took Mambo to New York in March 08 which was funded via Derek Levy and London Borough of Barking and Dagenham.

From little acorns!

Well done Mambo; you have a real work ethic that you should be proud of.

Hi Jenny, im one of the students from Croydon College, iv actually finished my final year there.

I wanted to find out if there are any shows going on that you know of, where i could showcase my work.

Kind Regards

Hi there is a show going on two infact. Profile is going to New YOrk and your pal Mambo stands a good chance of going IF she gets her full collection out.

Then Profile is showcasing at Islington Business Design Centre on November 19th - that would be a good one for you...

Watch Fashion Capital for further details

Keep well.
