This is speciality fabric and normally you have to go to the big mills offshore to get these fabrics.

Here are a couple of agents you can try out.

London Metals and Commodities Ltd Textiles Division, Suite 2, Second Floor, Park Towers 2 Brick Street, Mayfair, London W1J 7DD 020 7409 1281

Rogerson Yarns Ltd
30 Clifton Road, Manor Heath, Halifax, West Yorkshire, HX3 0BT 011422 364088

Cavandish Textiles are a good agent too based in London but can't find their number as not in office.

Craven Textiles (Engineers) Ltd, 7 High Croft Way, Farnhill, Keighley, Wst Yorkshire, BD20 9AP 01535 634221

Euro Textiles 2 Wandervel Road, Cladb Industrial Estate, Leicester, LE2 5LQ 0116271 6038

Forfar ~Weavers Cortachy Crescent Mortimuir, Kimiemuir Angus DD8 4TP 01575 574390

See how you get on with these.

If you call the office on 020 8462 9620 there are others too.....

The id looks familiar.

I am based in Japan and can manufacture metallic cotton. How much are you looking to purchase?
