
Uk based manufacturers

Posted by georgielicious - 2007/10/05 12:04

London based fashion house is seeking a UK based manufacturer to produce small amounts of clothing..

Please email

Georgette at info@georgiewcouture.com

Hello,

Have you tried our Manufacturer's Online Showroom - box to the right purple curtains - they are all UK based and many are open to small runs.

Just tried the showroom but it doesnt seem to have any manufacturers - at least not in London - I even tried a wider criteria but to no avail.

Hi,

Not sure where you are looking but there are over 80 companies in the showroom - most of which are London based. Have you looked through the A-Z of companies in the showroom area? It's really good with all the company info you'll need and image examples of work. Let us know if the site isn't functioning properly for you and we'll get on the case.

Ok...when I run a search in showroom it comes up with no results - so though the a-z is useful surely the search is supposed to make it easier and more specific...doesnt work though. when i type in keyword London and make selections...doesnt find anything.

OK will let the tech guy know about this - hopefully he can rectify - the search function should be working. Cheers, JoJo

In the meantime just use the A-Z - sorry for the inconvenience - lots of changes to the site so conflicts are occuring.

Hi
thanks for your feedback about
the search engine on the Manufacturers online showroom, we have incorporate a tick box to make a wider search
matching all the patterns or not. Previously was always matching all the pattern so for this reason you may not have
results on your search.
I hope it can help all
Kind Regards.

Hello,

The majority of the manufacturers presented on the showroom are london based, this should help you.
