Hi Laura,

I have a small project that I was wondering if you'd be interested in. There is a small fashion show coming up and I need an experienced pattern cutter/seamstress who can make our designs come to life. (We have the designs on paper only). There are 7 dresses and they need to be ready by April. We need someone who is really skilled, sews extremely well and has en eye for detail. Our models are a size 8 -10

Please let me know if you could help me out.

Thanks
