## Expertise wanted

Posted by karmak - 2007/11/27 21:46

---

I am writing a journalism article based on the use of 3D holograms on the runway in fashion shows . So I need an interview / broad discussion with a person with valued opinions to give and expertise in fashion. Holograms have been used a lot recently, with Alexander Mcqueen Kate MOss holograms and Diesel to mention a few. If any Fashion designers or others working similarly are available for an interview/chat via email, please let me know A.S.A.P.

richark5@lsbu.ac.uk

Thanksu

Kimberley :)

Hi we see desginers all the time at our head office - why don't you send over a list of questions and we will get them to fill them in for you at our meetings?

There's not too many questions are there? ARe they quick yes and no answers too?

Regards
