Claudine is a handbag label and are showing at Fashion Week this February. The handbags are handmade evening bags. We do all the manufacturing in house. I am looking for someone to help in the studio, mainly cutting, sewing, and hand finishing. You will learn the entire process of making the bag, and will witness the run-up to fashion week. It's a small business, so you will get a really good idea of how it is all works. I need someone full and/ or part time; and will pay your transport costs for the duration.

Immediate start or as soon as possible. Contact me on 07856063571, or email sales@claudine.gb.com. The website is www.claudine.gb.com.

Thanks
