Hello guys!

I'm new to this forum. Like all of you I'm loving fashion, music our blue planet and sun above the head. I'm from Dublin. I'm looking for your opinion about my designs. I couldn't buy good t-shirt for my self. I was looking always for something special. But it wasn't that easy. I like to have unique t-shirt on the party or in the club. For me t-shirt is part of fashion, club fashion. So I come up with this idea to design shirts for people like me. Have a look at www.eolien.net. I'm wating for your opinions.

All the best

Thuir
