
PATTERN CUTTER/ SAMPLE MAKER NEEDED

Posted by gemmaleon - 2008/02/21 12:47

I have a fashion show coming up and we need an experienced pattern cutter and sample machinist who can make our designs come to life and to a high standard.(We have the designs on paper only).

There are 7 dresses and they need to be ready by April. There will be a lot of fashion buyers, press and industry veterans(!) so we need someone who is highly skilled, sews extremely well and has an eye for detail. Our models are a size 8 -10.

If you're interested and fit the profile please contact me: gemz_is@yahoo.co.uk

Thanks

Hi,

What is the pay for this mission?

Tony

Hi, We can make but we take 100% advance. We are based in India, We have worked for shows earlier like LFW'06. If you are interested can you mail me your designs at pgupta@marshamllowinternational.com and let me see if we could make.

thanks
