
Graduate Footwear & Accessories Designer

Posted by Kayles - 2008/02/21 20:31

I am a footwear and accessories designer, just out of university. I am looking for a job based around the London/South East area. Design is my main subject but I am flexible to what the job asks me to do. My portfolio ranges from Mens, Ladies and Childrens footwear with accessories too. Please contact me for more details.

Many thanks
