Hi Sarah,

Have you considered becoming a member with Fashion Capital? We are here to help new and emerging businesses. There are 1000s of new sites opening every day, that's the easy part, but the hard part is getting the traffic to you. Why don't you make the most of FC and put up a profile about yourself (this is free), have you thought about opening an FC boutique so you can benefit from the traffic that it generates? Its a low cost way of pushing traffic to your own site.

FC is 7 years old - it has heritage and that's why if you typed in the word fashion on to google FC is 11th in the world. Sites have to be optimised to achieve this and basically there is a whole new industry out there to make sites high on search engines. Let FC work for you and why don't you become a member!

Look forward to hearing from you,

Kind Regards

Emily
