Hi,

Am graduating this year from a BA Hons in Fashion design and manufacturing,

I am currently researching and applying for jobs within the Fashion tailoring industry anywhere in the uk. I have qualifications within city&guild tailoring and pattern cutting. I was also one of the top 25 finalist in the Golden Shears tailoring competition last year.

I am looking for a job that i can progress and learn and express my passion and Potential for the fashion industry.

Thank you

Lucy Owen
