Hi There wani Exports India,

Have you checked out the Manufacturer's Online Showroom on FashionCapital? This is a quick and easy to use filter system provided to help designers find the perfect manufacturer to best suit their requirements. With over 5.5million hits from over 60,000 unique users using FashionCapital every month, this high volume of traffic has evidently reflected in the existing manufacturers workload as Andrew from The Sampling Unit in London can confirm as he receives more enquiries through FashionCapital than via the Yellow Pages or Yell.com! Over 80 manufacturers are currently using this unique advertising concept and are inevitably receiving a greater workload, so far we have only UK based manufacturers showcasing on the Showroom and if you decided to join, the fact that you are based in India will provide a unique selling point in itself.

If you would like to receive any further information regarding advertising on the Manufacturer's Showroom then please contact me on emily@fashioncapital.co.uk or alternatively, all Fashion Enter staff use skype to speak directly to contacts based abroad as this service is free of charge.

Kind Regards

Emily
