Hi,

This is exactly why we have fashioncapital.co.uk to help new and emerging businesses. There are 1000s of new sites opening every day, that's the easy part, but the hard part is getting the traffic to you. Why don't you make the most of FashionCapital and put up a profile about yourself (this is free), have you thought about opening an FC boutique so you can benefit from the traffic that it generates? Its a low cost way of pushing traffic to your own site.

FC is 7 years old - it has heritage and that's why if you typed in the word fashion on to google FC is 11th in the world. Sites have to be optimised to achieve this and basically there is a whole new industry out there to make sites high on search engines. Let FC work for you and why don't you become a member!

1 Month FC Membership (Monthly) Â£ 9.99

FashionCapital members can have access to all onsite data which includes the likes of spec sheets, market analysis

reports, up-to-the-minute trend information, and fact packed SPY articles, along with a dedicated memberâ€™s forum where industry professionals will personally answer your industry questions from business to sourcing to PR.

3 Months FC Membership (3 Months) Â£ 25.00
Same as above

1 Year FC Membership (Yearly) Â£ 100.00
Same as above

1 Year FC Only Boutique (Yearly) Â£ 150.00
This package is on offer for those wanting to add a boutique to the increasingly popular e-commerce section of FashionCapital: www.fcboutique.co.uk

1 Year FC Full Membership including Boutique (Yearly) Â£ 175.00
This sub_script_ion is a complete package that gives access to all the articles on the site, members forums and also includes the boutique package.

Hey Mr Tee

I think your stuff is cool, your website looks really good I think you've done well.
I myself (hopefully) am a up and coming designer, at the moment I make evening wear/occasional wear oneoff dresses for clients directed to me and also trying to do some freelancing for companies. But my ambition is to start up my own label and business and become globalized like Armani, Gucci, Prada... to name a few.

:kiss:
