Hi Everyone,

Don't you think the FashionCapital's facelist just looks fabulous!? And the left hand side navigation has made it so much easier to manouver around the site and find exactly what you are looking for.

Well done guys - great job!!

WOW, the new site looks fabulous, I LOVE IT, took me a few seconds to find the log in area and it did keep disappearing if I moved my mouse away.

Congratulations to everyone involved with developing, implementing and launching the new look and feel site AND ahead of schedule, it is GREAT.

:-)

Thanks EI having comments like this make it all worth while. The site is much cleaner now and as there are 1000s and 1000s of pages of informatino on this site previously it was difficult to navigate.

We also had help from DGM who have been brilliant.

Thanks again for taking the time to comment

Regards

I'm in love with the site's makeover.

It's extremely well done and you should be very happy with it.

After all the hard work that was put in to it, you've really done Fashion Capital and yourselves justice :)
