Just wanted to thank you guys for such a fantastic response for my buyer info pack and database. All 10 went very quickly,so I wil endeavour to do the same for another 10 designers next month. Apologies to those who didnt manage to get on this time. If interested just email me directly at Renato@hemisphereassociates.co.uk. The cost for the info pack/database/software etc etc was Â£100 not Â£250 for the 1st 10.
