Hi there,

www.fashioncapital.co.uk also offer a Manufacturer's Online Showroom to benefit both designers and manufacturers. This is a unique advertising concept available to manufacturers to showcase examples of their work whilst displaying extensive information on what services they offer.

This is a quick and easy to use filter system tailored for designers to enter their specific requirements when searching for the right manufacturer to best suit their collection, then click submit and a list of perfect matching manufacturers will appear.

This service has been extremely successful on both manufacturers and designers parts, as Andrew from The Sampling Unit in London can confirm he receives more enquiries via www.fashioncapital.co.uk then via the Yellow Pages or yell.com.

www.fashioncapital.co.uk currently receives over 5.5 million hits every month from over 60,000 unique industry users, the majority of which are designers.

To utilize this unique advertising online resource and our high volume of traffic through the site costs just £250, for more information please do not hesitate to contact me on either emily@fashioncapital.co.uk or 020 8681 5014.

I look forward to hearing from you,

Kind Regards

Emily
