Rachelle

Thanks for the message re: Mutual Benefits - it all sounds very exciting. However, I am looking more for experience in a retail management role in an established fashion house - so I can expand my knowledge. I am developing my own label as well and know how hard it can be. If you are looking for someone to cut patterns Jeff Best is very good. I think his number is on the who's who register.

Japan and Topshop sound like great development opportunities. I have the name and e-mail address of the concessions person at Topshop if you want it????

I will keep you in mind for vintage stuff - at the moment I am looking for some jumpers and cardigans - wool or mohair? What have you got?

Annie

I am interested in your vintage fabrics and your minimum quantities, particularly leathers, for example, leather jackets/coats. Do you have a catalogue and can I get hold of one?

I'd also like to say that it's fabulous that you're having so many enquiries, good luck with your business!
