Trendsetting New Label

New trail blazing label looking for hot talent to design new range of men and ladies clothing for spring/summer 06:

USP - high quality designerware that is fashionable, affordable and MODEST. Buck the trend of tight fitting, and revealing designs - this new label aims to establish a niche for discerning consumers who want modest clothing that offer trend setting designs, exquisite choice of fabric and colours, and affordability.

Great opportunity for highly talented designers to get involved.

Please email brief description of your skills and experience and why we should consider you for this project - trendydesigner@hotmail.co.uk.
