Desperately seeking employment in accessory design! CAN YOU HELP!

Are there any accessory companies out there that require the help of an enthusiastic individual with a degree in textiles, that has creativity bursting through her veins?! I have a passion for colour, beads, and delicate intricate detail that requires tonnes of patience, which I have been applying to my personal collections for the past four years. However if your company's policy is no colour, no beads and no intricate detail, just like a chameleon I can adapt to surroundings and still give 100%!

I can also make great tea and answer the telephone in a professional and friendly manner!

If you think you can help and would like to get in touch with me my email address is: kiki_athanasiou@yahoo.co.uk

Come on people there must be someone out there that can help Kiki. I have worked with Kiki over the past year and a half and can assure you that this girl is highly talented and delivers 100%. Any companies should apply either direct to me (Vanessa) or Kiki.
