
Male designers needed

Posted by kyrstyjade - 2005/11/29 22:47

I need a selection of male designers who will be willing to let me use their design in a shoot I am doing for a magazine I am putting together. (it is student based)
The shoot will be english gentleman theme, so am looking for smart tailored suits/ shirts/ cravats/ bow ties etc , Basically, anything designs which fit the traditional english gentleman theme.

I am also doing shoots on retro clothing / street clothing / accessories for men etc. So if you are a designer and have any designs which fit any of these themes, please get in contact. All credits will be printed on the page and it'll provide the designer with images for their portfolio.

If you are interested, please get in contact on : princesskyrsty@hotmail.com
or call me on 07984738751

Thanks!
Kyrsty x
