
Shoe Maker Wanted - London area

Posted by Jempa - 2006/05/18 22:05

Hi!

I am looking for a shoe maker to make up around 35 pairs of shoes, mens and womens, to an affordable cost. Rates can be discussed. Most shoes will be made out of fabric and they are all quite simply designed.

Please contact me on jempa1000@vodafone.net if you are interested, or if you know anyone who might be able to help.

Thank you!

Jenny.

I might know somewhere for mens goodyear welted;
don't know about mixed mens and womens' shapes on 35 pairs. Good luck
