## Designer - Work Experience wanted !

Posted by guccigemina - 2006/10/19 15:53

---

I am currently taken a year out from a BA (Hons) in Fashion studies at Lincoln University, due to a road accident early this year. Part of my course is to carry out some work experience, within the fashion industry.

Instead of wasting valuable time I am hoping that an opportunity with a fashion design team maybe available to enable me to gain further experience. If successful I think this amazing opportunity will enable me, to expand my knowledge of the fashion Industry before commencing my finial year. contact me by at gclews6@hotmail.co.uk.

Hi we can help you with work experience but as it is a not for profit company then we unfortuantely can't pay for the position. We have a boutique, agency for wholesaling, two websites, educational programmes and a host of other projects too.

If you are interested please contact Vanessa@fashion-enter.com and let us know.
