
Looking for edgy models for a shoot

Posted by IsabellaBurley - 2007/01/29 23:04

I am edgy photographer, looking for female models for a number of different shoots. Models must be above 5 ft 6 and sizes 6, 8 or 10. I would appreciate if models could email me photographs of them or examples of shoots that they have done to:

Isabella_burley@hotmail.co.uk

Unfortunately, models will not be payed but some photographs can be used for their portfolio.

Many Thanks,

Isabella Burley

I can lend-out mens calf-length boots with external steel toe caps and commando soles.

Might want a deposit first time, but all refundable. Boots are ultra-masculine but available in womens sizes.

If you google "Trevor in boots and pants" you might get a pic or on <http://www.veganline.com/xcap.htm>
