At last a great idea to solve the problem of sticking out, loose, hanging down or flapping about belt ends. Keeps any fashion belt end stylishly and neatly in place. visit website to find out more.

Hi,

You should write a press release with some images and then send it onto jojo@fashioncapital.co.uk for greater PR. If you have a website please include this also, if so we would need a hyperlink from your site onto Fashion Capital in return for the increased exposure we can give you,

Thanks

Thank you so much Emily, I will do that later this evening. Mind you I am not experienced in writing press releases, I will do my best though. I really appreciate your help. Have a great week. I already link to fashioncapital anyway from <http://www.efabe.co.uk>

Hi, i think this is a great idea, and sounds great to buy.

The down side is that, on the website there isn't many pictures, and maybe if there was more information, more people would be interested.

I wish you good luck

Thank you Emily and holbee92,

I had a go at writing a press release and thrilled that it has now been added to the PressZone, so thank you Emily for suggesting that to me.

holbee92, I have put photos of each of the designs available and I will be adding more information, the website is still working in progress as I am learning new things all the time I hope it will improve as time goes by.

The response has been great, cant quite believe really.

Take care both of you and thanks again.

Bella
