hi, my name is layla robinson.

im writing in response to the boutique sales assitant position.

i have had experience in a fashion boutqie, namely Fashion Enter Boutique in Croydon, under the management of Jennifer Holloway - and i would very much like to be considered for the role if it has not yet been filled.

i have a keen interest in womens fashion and i am currently studying for an Art and Design BTEC which enables me to specialise in Fashion Design and Manufacture in the 2nd year.

Personally, i indulge in fashion design and have made a few garments and recently a bag.

Please consider me as a worthy candidate as i would work incredibly hard for the boutique and be more than enthusiatic about selling the products in store.

Do not hesitate to email me or reply to this post,

thank-you

xlaylax
